“ *Mom was one of a kind. I imagine that we all felt special when we were with her. That's what I'll miss the most. The way she made special treats for the kids and for us, or made sure she had our favorite treats when we visited. I'm gonna miss the way she made me feel. I hope and pray that I can do half as well as she did being a Mom. Thank you to all my family for their support during this difficult time. I love you.*
