“ Grama was a wonderful lady, and I will always cherish all the memories and times I was able to spend with her. Larry and I were two of the luckiest grandchildren in the world to have had such a special Grama. Trips to the zoo, making cookies, playing cards, walks around the big block, shopping, sleepovers, Saturdays together, so many awesome times, I could go on and on. Didn't matter what time of the day you were there she always wanted to offer coffee and something to eat. Having family and friends made her life complete and made her smile. She was always there for Larry and I, so when she started getting sick, the family wanted to be there for her, when it was hard for her to care for her self and had to ask for help. The birds and squirrels were also the lucky ones to have her around, many peanuts, bread and lots to eat, year around. The stories Grama could tell you, some I heard lots of times and others were new, and she loved to visit with each and everyone. Love you forever and always, will miss you

“ *We first met Barbara almost 23 years ago with the birth of our son. It has been one of the best things that has ever happened to us. She has shared so much knowledge and wisdom over the years, not to mention the stories and the laughs! I feel like I know most of the family, even though we have not met. All good of course! After a visit with Barbara, I never left without a smile on my face and a good feeling. She was a friend to all including the birds and animals. Who will feed them now? I will always miss her and feel truly blessed to have had her in my life.*

*My deepest sympathies to her entire family,
Marla Carman*
