“ I was sorry to read of Jane's death and wish to express my sincere sympathies to her children and parents. I worked with Jane in the Health Department, where I coordinated the car seat program. Jane and I had many talks about her children and their activities, little Grace and our shared hobby of doll-collecting. Jane and I attended a doll-making class together. I always enjoyed the time we spent together and thought she was a lovely lady. Your family is in my prayers.

“ Jane and I worked on the Medicaid screening team and at the State Health Department. Jane and I continued to phone each other on birthdays. Her loyalty and friendship will be treasured. Jane was so proud of her family. Jane's dogs and her clogging days- are two things I recall. My thoughts and prayers go to the family. Jane will be missed.

“ I met Jane when I worked at the Waterford. Before working as a CNA I worked in the kitchen and always got to visit with her when she would come in for supper time.She eventually moved from the Waterford into an apartment and I helped her move her things. At that time we grew very close. I had a lot of fun that day! I will miss her very much. My prayers go out to Jane's family! She loved all of you so much!

“Dearest Anne, I can't begin to imagine the heartache you are feeling, now. Although I've not seen your family for years - I remember your mom! Please know you and your family are in my thoughts and prayers this week, as you travel, plan and spend time with loved ones - remembering your mom. Admittedly, I'm not good with funerals - and it's my daughter's birthday on Thursday. If possible, I'd like to attend on Wednesday evening. Blessings, dear friend! Tina
