“ Can't be there in person but I'm there in spirit for support for all my family and friends. I always enjoyed stopping by Great Grandmas home she had in Napoleon, N.D. She always had a beautiful garden to show off and of course had something canned from that garden to try which would never disappointed you. Great Grandma Gross was always one of those ladies who said what was on her mind. If you were having a rough day and needed a laugh all you had to do was stop in and see her cause she would speak the truth and how it came out it would always give you a good kick. Ever since I joined the service she always asked me why I wanted to come back to N.D. with all the snow and work involved with the snow. I don't think great grandma was ever a fan of the snow or shoveling! One thing that I'll always remember was great grandma's amazing memory, whenever I saw her she always knew who I was. She was loved for who she was and I won't ever forget the German honesty great grandma had!

“Eileen & Phyllis, your mom will be missed dearly. I will remember our times together during my lunch breaks. We could do a lot in a hour. We first got to know each other and then it was history from there. We went for walks around the nursing home her making sure I knew I had to push her in the wheelchair, we watched the birds and the bees as she would say, go outside, played solitaire on the computer & with the cards. She got so excited when she would win. She enjoyed coloring she helped make my birthday banner and she loved the computer. We would laugh & giggle over the pictures and things we found on Facebook. She loved Hawaiian pizza, dad's homemade sausage & headcheese. She even walked down to my office for therapy when she found out I had headcheese there. We would pray and read together and I loved the stories she told me about my grandma, Mary Vetter. She was a very special person to me not only as a great aunt but as a friend also. Thank you for sharing her with me.
