“ *I started in ND EMS in Bottineau in 1981-82, worked in EMS in WY from 1982-85, retook the EMT-B class in 1992 after I moved back to ND in 1990 & got married in 1991 & started living near LaMorue - so saw Larry almost every year at conferences. His upbeat attitude & encouragement will be greatly missed.*

“ *On Tuesday, Larry made me laugh in the hallway of the State Health Department. There was nothing unusual about that, because Larry always had a way to find humor in life. I had the privilege of working with Larry for many years in the EMS office of the Health Department. Larry would joke during EMT practical tests that ?One man can?t do all of this? and then he would do it. That is the way Larry was. Larry always had a can do attitude and could always be counted on to do an excellent job. He made tremendous contributions to EMS in North Dakota and nationally. I learned a lot from Larry and I know we will all miss him.*
