“ *I loved to see Nancy's bright smile at work and when we were together as friends. She took exceptional care of herself and took pride in looking beautiful as well as professional. I'd like to remember that she took great care of each of her patients, even while she was suffering. She had such a warm heart and was an excellent nurse, mother and friend. She loved her two sons so much, and I know there wasn't anything in this world she would not have done for either of them. I offer my sympathies to Nancy's family, especially her two sons. I will be thinking of you in this difficult time.*

“ Words cannot express my deepest sympathy for your loss. Nancy & I became friends during our time at MCO College of Nursing and then worked together on the telemetry unit at St. Alexius Medical Center. Her smile and her "german ways" will not soon be forgotten. She touched a part of everyone she met and my heart goes out to her family and friends. Corey and Hunter: You meant the entire universe to your mom and a part of her will always be with you. Thoughts and prayers.
