“ I will always remember Scott as a talented young man with a passion to work with his hands. He was always working on some project or another. He also loved his family very much. I remember Scott and Deidres wedding and the planning, along with the pregnancy and birth of their little girl who looks more like daddy every year. My most heart felt support at this time of your loss.

“ I met Scott in auto body, He was a level headed guy and was a hard worker, always ready to try something new. He Had a Ford pickup that he was very proud of and I jokingly gave him a hard time about it, that was basically how we met. I had talked to him form time to time and he sounded like he was doing good and he had a lot to talk about being a family man. I am truly saddened by this. My thoughts and prayers are extended to the family and friends of Scott. Sincerely, John Gartner
