“Tom was a wonderful guy to work with and we will miss his smile. He was so helpful and if you asked him for something, he was willing to do it or get it for you. I'm so sorry I won't be in Bismarck for the funeral we are on vacation visiting our daughter in Missoula.

“I wish to send my regards out to the Pope family.....my sincere condolences. But where there is death, there is life. Tom was a great man, he was a man with more heart than anyone person could imagine, he was a man that loved his family and friends, he made impressions on everyone's hearts who met him. I always will remember the good times we had in Flinflon Canada, all the ice fishing trips the memories, the stories told, and even the little tricks we pulled on each other as we grew old. He was truly a great person to be around. I consider him as a mentor, and he will truly be missed in our family...But as we know death is not eternal it is only temporary until we are all home again.

“ Dear Marilyn and Family, We were so sorry to hear about the sudden death of your husband and father. We heard that he was diagnosed and died of pancreatic cancer. My mother has been so ill and in the hospital and her funeral was on Friday that we did not know about Tom's death and so could not attend. Please accept our sympathy and know that our thoughts and prayers are with you all. It is so hard when a loved one dies suddenly and also when they have to suffer. Remember the good times you had with Tom, and that he is in a better place and will not have to suffer anymore. Love, Sharon and Glenn

“ Tom is missed here at DU - especially by the Engineering Dept. - it just seems that he should be walking in that office door and going to his office. I'm so glad Tom didn't have to suffer a long time - - and that now he is pain-free! Cris

“ You were one of the great ones. You had a great whit and always had a way of making people feel comfortable. As a young girl I idolized you. I remember us playing in the basement of Papa & Grandma's house. You had G.I. Joe & I had Barbie. G.I. Joe asked Barbie if she wanted to go for a ride in your Dick Tracey car. I don't remember her saying yes. All of a sudden G.I. Joe grabbed Barbie and put her in the Dick Tracey car and the chase was on. I love and will miss you. Betty Ann

“Marilyn and family, we are truly heart felt for your lose. We've known each other for 23 years, our boys grew up fishing and camping together. I met Tom when I started working for Toman Engineering, we had some fun times together, and we still got the job done. We did so much together, Tom and I would go pheasant hunting with our best buddies, our dogs. Tom and Sadie and me and Teko. Tom was a true friend, like a brother to me, we were so much alike. We sure loved our chicken too, and it worked out great, he liked the dark meat and I liked the white, I must say I think Tom can cook better barbqued chicken on his faithful Weber than I could make on my gas grill. Tom, I will miss you so very much, and us moving to Arizona has made this very hard not being able to get back to say good-bye. I know you understand though, and right now I know you are with our "buddies" up in heaven. God bless your family, our prayers are with them. Your friends; Marty and Jean Babel

“Dearest Uncle Tom, You were the handsome young man who took me fishing when I was little and got the hook unstuck out of my knee high socks. You made time for us camping on that weekend when you fit you, Marilyn, Terri, and me in that little green tent. You carried me piggy back for what seemed like miles to find a phone when the car battery went dead because we left the radio on. You are my hero! We will all miss you greatly. Hug all the ones that we miss so much that were there to greet you when you arrived. We are now blessed with another guardian angel up in the sky.
