“ I knew Billy as a kid growing up in Alexandria. Billy was so creative as we played in the dirt with plastic cowboys and horses--if Billy didn't have a horse handy he'd simulate one with his fingers and made horse sounds with his mouth! Let your kids play in the dirt. Years later I loved it when I heard him play Dobro guitar. Bill's story about finding and buying his best guitar should go down in guitar collectors' history. Bill was 19 and nearly broke but found the guitar and told the seller "I'll give you all the money I have in the world and I'll get it fixed and make it play again." His playing talent put him in the league with many fine guitar and mandolin pickers in the country. I hope he kept his fingers and instruments busy in recent years. I wish we could have played some and talked more. I'm sure there were many more stories..... My sympathy to his beautiful family Frank Steen St. Paul, MN

“ *My thoughts and prayers are with the Cain family at this time. I will always remember the many hunting trips Bill took Justin and myself on. I shot my first grouse with him! He also took me on my first goose hunt in the pits off of Lake Audubon. I will also remember all the years of traveling to and watching many hockey games. May you rest in peace. You will be greatly missed.*

“ *I am so sad to hear about Bill.I have many fond memories from hockey and time spent at your home. Bill was always there when we needed an answer, xray and med advice,or simply being a friend. Ironically I had been thinking about him last week and wondering what he had been doing since I had not seen him for sometime. My sympathies to all. Penny Wedin-Gorden*

“ *Bill was a colleague of mine in the radiology dept when the hospital was still Med Center One. We practiced for many years together and I always valued his opinion and enjoyed working with him. We also did some hunting together when he first arrived. I am shocked and saddened by his passing and pass my condolences to his family. I only wish I had a chance to hear him play his guitar but he was always too modest to bring it along to one of our parties. God bless you Bill and may he always do so. Frank Hook*
